

Drive Ukraine 2030

Strategy 2030

**Creating
the new reality
instead of repairing the old one**

A futuristic train station with a sleek, modern train and people walking. The scene is viewed through a large glass window, suggesting a perspective from inside a building or a control room. The train is white with blue accents and has a streamlined, aerodynamic design. People are seen walking on the platform, some looking towards the train. The overall atmosphere is clean, modern, and forward-looking.

HIGHWAY CONSTRUCTION

10 highways

Construction of the first concession road may start in **2019**

The first direction
Kyiv – Bila Tserkva

Construction of motorways from Sumy, Kharkiv, Dnipro, Luhansk, Donetsk, Odessa and Mykolaiv in direction of the EU member states is of high priority

WEIGHT CONTROL

> 100

automatic weight control systems

FROM BORDER **TO BORDER**

10 hours

Average time to cross Ukraine from North to South;
from West to East

ROAD SAFETY

ZERO Vision

0%

child mortality
on the roads

90%

reduction
of road traffic injuries

**UAH 35
bln**

for traffic safety
allocated from road fund

GO-Highway

Gdansk-Odessa

Via Carpatia

Klaipeda-Vilnius-Minsk-

Kyiv-Odessa-Reni

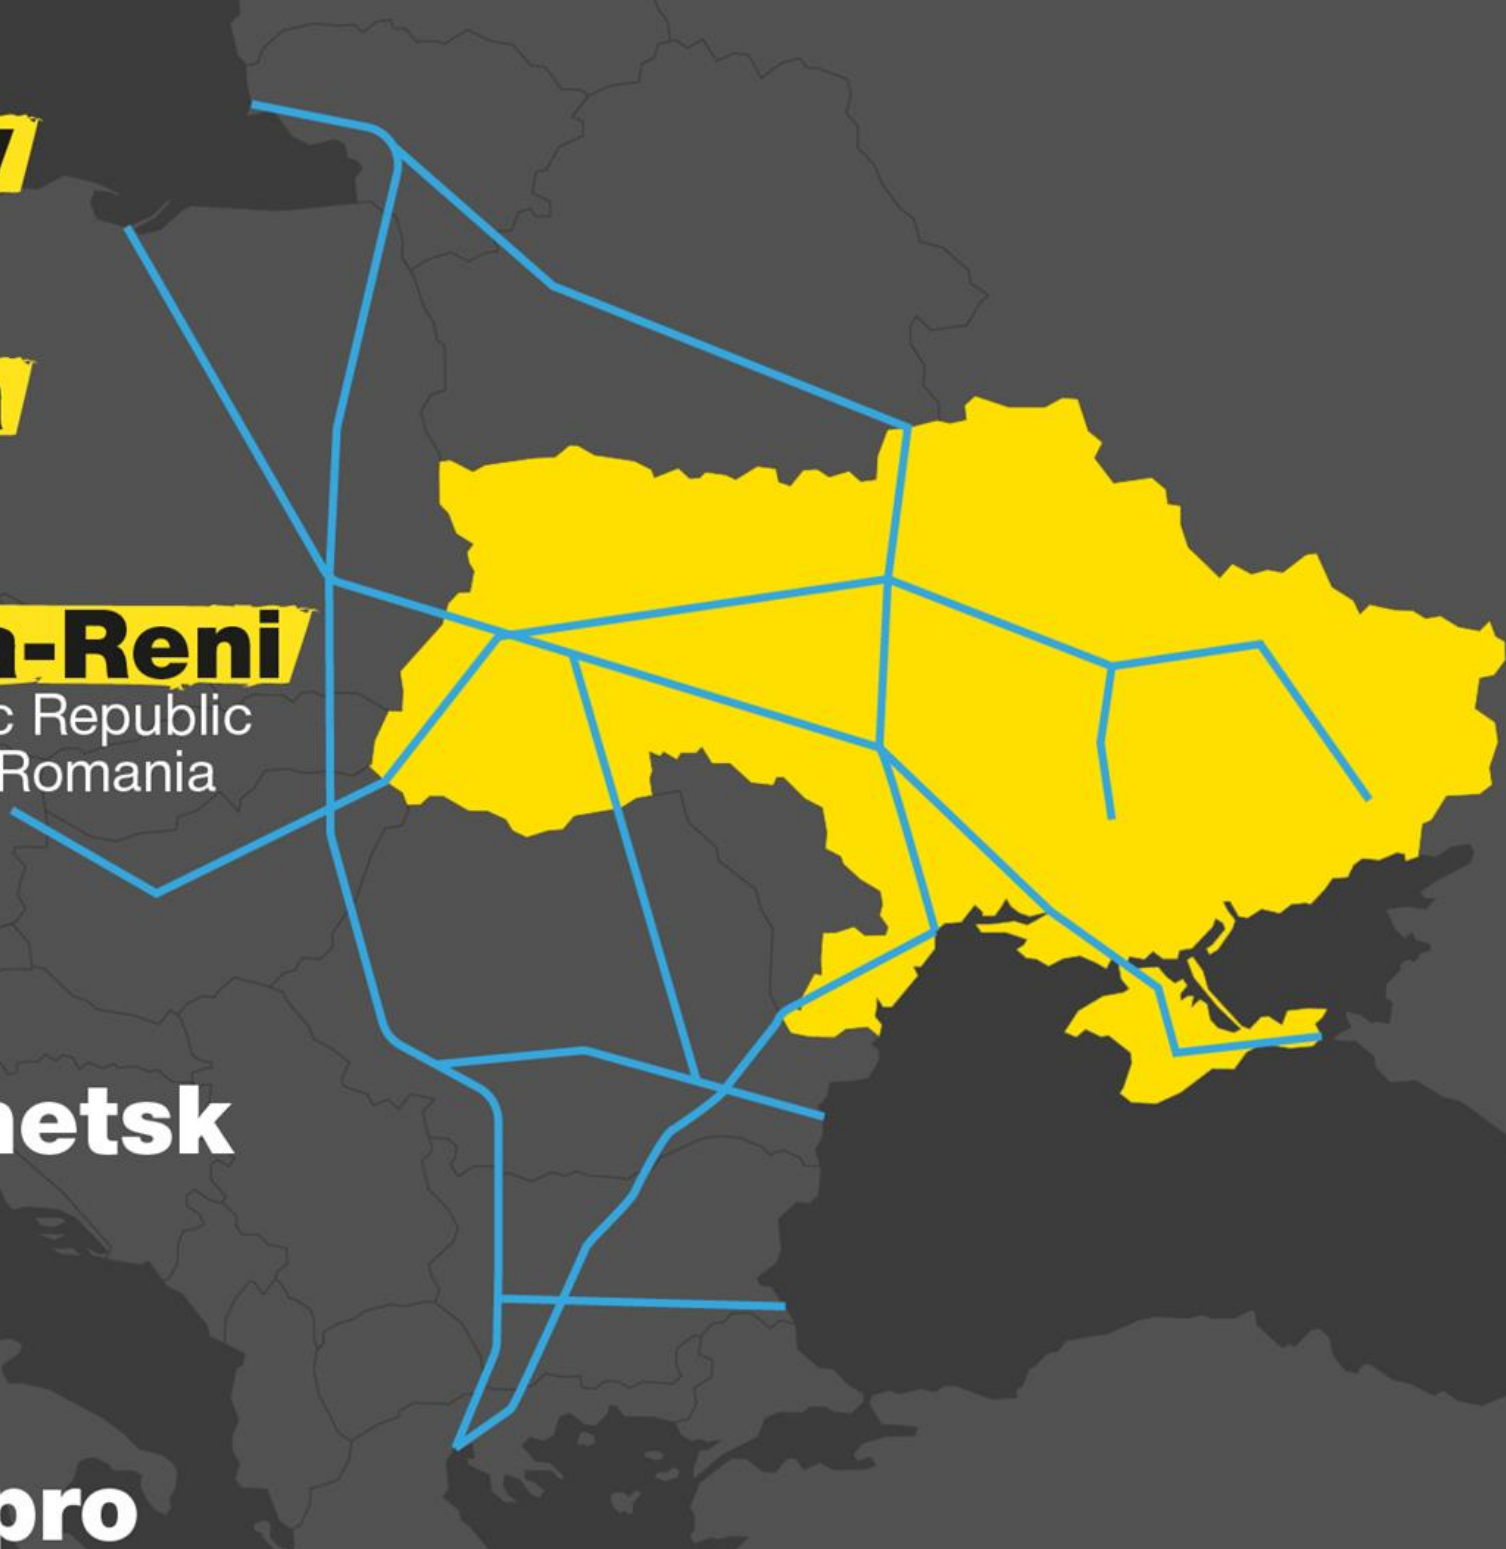

Extended to the Hellenic Republic
Through the territory of Romania
and Bulgaria

Viena-Budapest-

Lviv-Kyiv- Kharkiv-Donetsk

Kyiv-Kerch

Poltava-Dnipro

ROAD FREIGHT TRANSPORTATION

+35%
vehicle fleet efficiency

-22%
general amount of vehicles

**EUR 5,9
bln**

Gross investments necessary
for the modernization of the road
freight transport (ten-year loan
at the interest rate of 10%)

PASSENGER
TRANSPORTATION

No jitneys

Free market stimulates the transition
to modern comfortable liners

DEVELOPMENT/RESTORATION OF AIRPORTS

50 airports in operation

There are 19 functioning today

1 hour

Average time to get to an airport from any point throughout Ukraine

50%

of population using air transport

Increase in regional passenger flow

At the moment 98% of passenger flow are generated by 7 airports

CHEAP AIRLINES

LOW-COST

>50%

Share of the low-cost segment
in air transportation
(>45% share of the low-cost
segment in the EU in 2017)

BORYSPIL

36 million
passenger/year

LVIV

**3,5 million
passenger/year**

EXPANDING THE FLIGHT GEOGRAPHY

350 directions

for the flights from all Ukrainian airports

FREE COMPETITION

**Infrastructure
and railway tracks**
belong to the state

**rolling stock
and locomotives both**
in state and private ownership

UPDATING OF ROLLING STOCK

100%

updating of rolling stock
and locomotives

On condition of cooperation with
Kriukiv Railway Car Manufacturing Plant,
General Electric, Bombardier, Greenbrier

Evolution ES44ACi

SPEED INCREASER

150 km/hour
average speed on railway

HIGH SPEED RAILWAY

CONNECTION WITH THE EU

Kyiv-Odessa
Kyiv-Lviv
Kyiv-Kharkiv
Kyiv-Dnipro

FINANCIAL INDICATORS

UZ became one of the

top 5

railways in the world
by financial indicators
(company's shares are listed
on world's leading stock exchanges)

UKRAINE IS A HUB

BETWEEN EUROPE AND ASIA

**The New
Silk Link**

transparent and efficient
customs clearance mechanism,
high-quality rail and highway system

SINGLE SEA WINDOW

**elimination
of corruption**

low fares

**comfortable
logistic**

FREIGHT TRAFFIC OF THE BLACK SEA REGION

30%

of cargo serve by Ukrainian ports

CONTAINER TRANSPORTATION

Top 100

Ukrainian seaports in the list
of the world's largest container ports

RENEWAL OF THE RIVER

50 billion tons
of cargo is transported by inland waterways

ATTRACTION OF INVESTMENTS

Tesla Gigafactory

An aerial photograph of the Tesla Gigafactory building, a large, rectangular, modern industrial structure with a grid-like roof. The building is situated in a vast, green agricultural field. In the background, several wind turbines are visible, and a small town or village can be seen in the distance under a cloudy sky. The overall scene is a mix of industrial and natural elements.

IMPLEMENTATION

EU AGREEMENT

Draft Laws

- *"On amendments to certain legislative acts of Ukraine in the sphere of ensuring the safety operation of wheel vehicles in accordance with the requirements of the Association Agreement between Ukraine and the European Union, the European Atomic Energy Community and their member states"*
 - "On Rail Transport"
 - "On Inland Water Transport"
- *"On amendments to the Law of Ukraine "On Roads" concerning the road safety audit"*
- *"On amendments to certain legislative acts of Ukraine in the sphere of motor transport in order to bring them with the acts of the European Union"*
- *"On amendments to certain legislative acts of Ukraine concerning their harmonization with the legislation of the European Union in the sphere of transportation of dangerous goods"*
 - "On amendments to the Law of Ukraine "On postal services"
 - "On multimodal transportation"
- *"On the ratification of the Maritime Labor Convention, 2006"*
- *"On amendments to certain legislative acts in accordance with the ratification of the Maritime Labor Convention, 2006"*

SMART COUNTRY

A futuristic city scene with a yellow banner reading "SMART COUNTRY". The scene is set in a modern, brightly lit urban environment. In the foreground, a woman in a white dress and black coat stands on the right, looking towards the left. In the middle ground, several futuristic, light blue, pod-like vehicles are parked on a dark, reflective surface. One vehicle is occupied by a person. In the background, a man and a woman are standing near a stroller. The background features a city skyline with various skyscrapers under a clear sky. The overall aesthetic is clean, modern, and high-tech.

SMART ROADS

STRATEGY OF SMART ROAD CONSTRUCTION

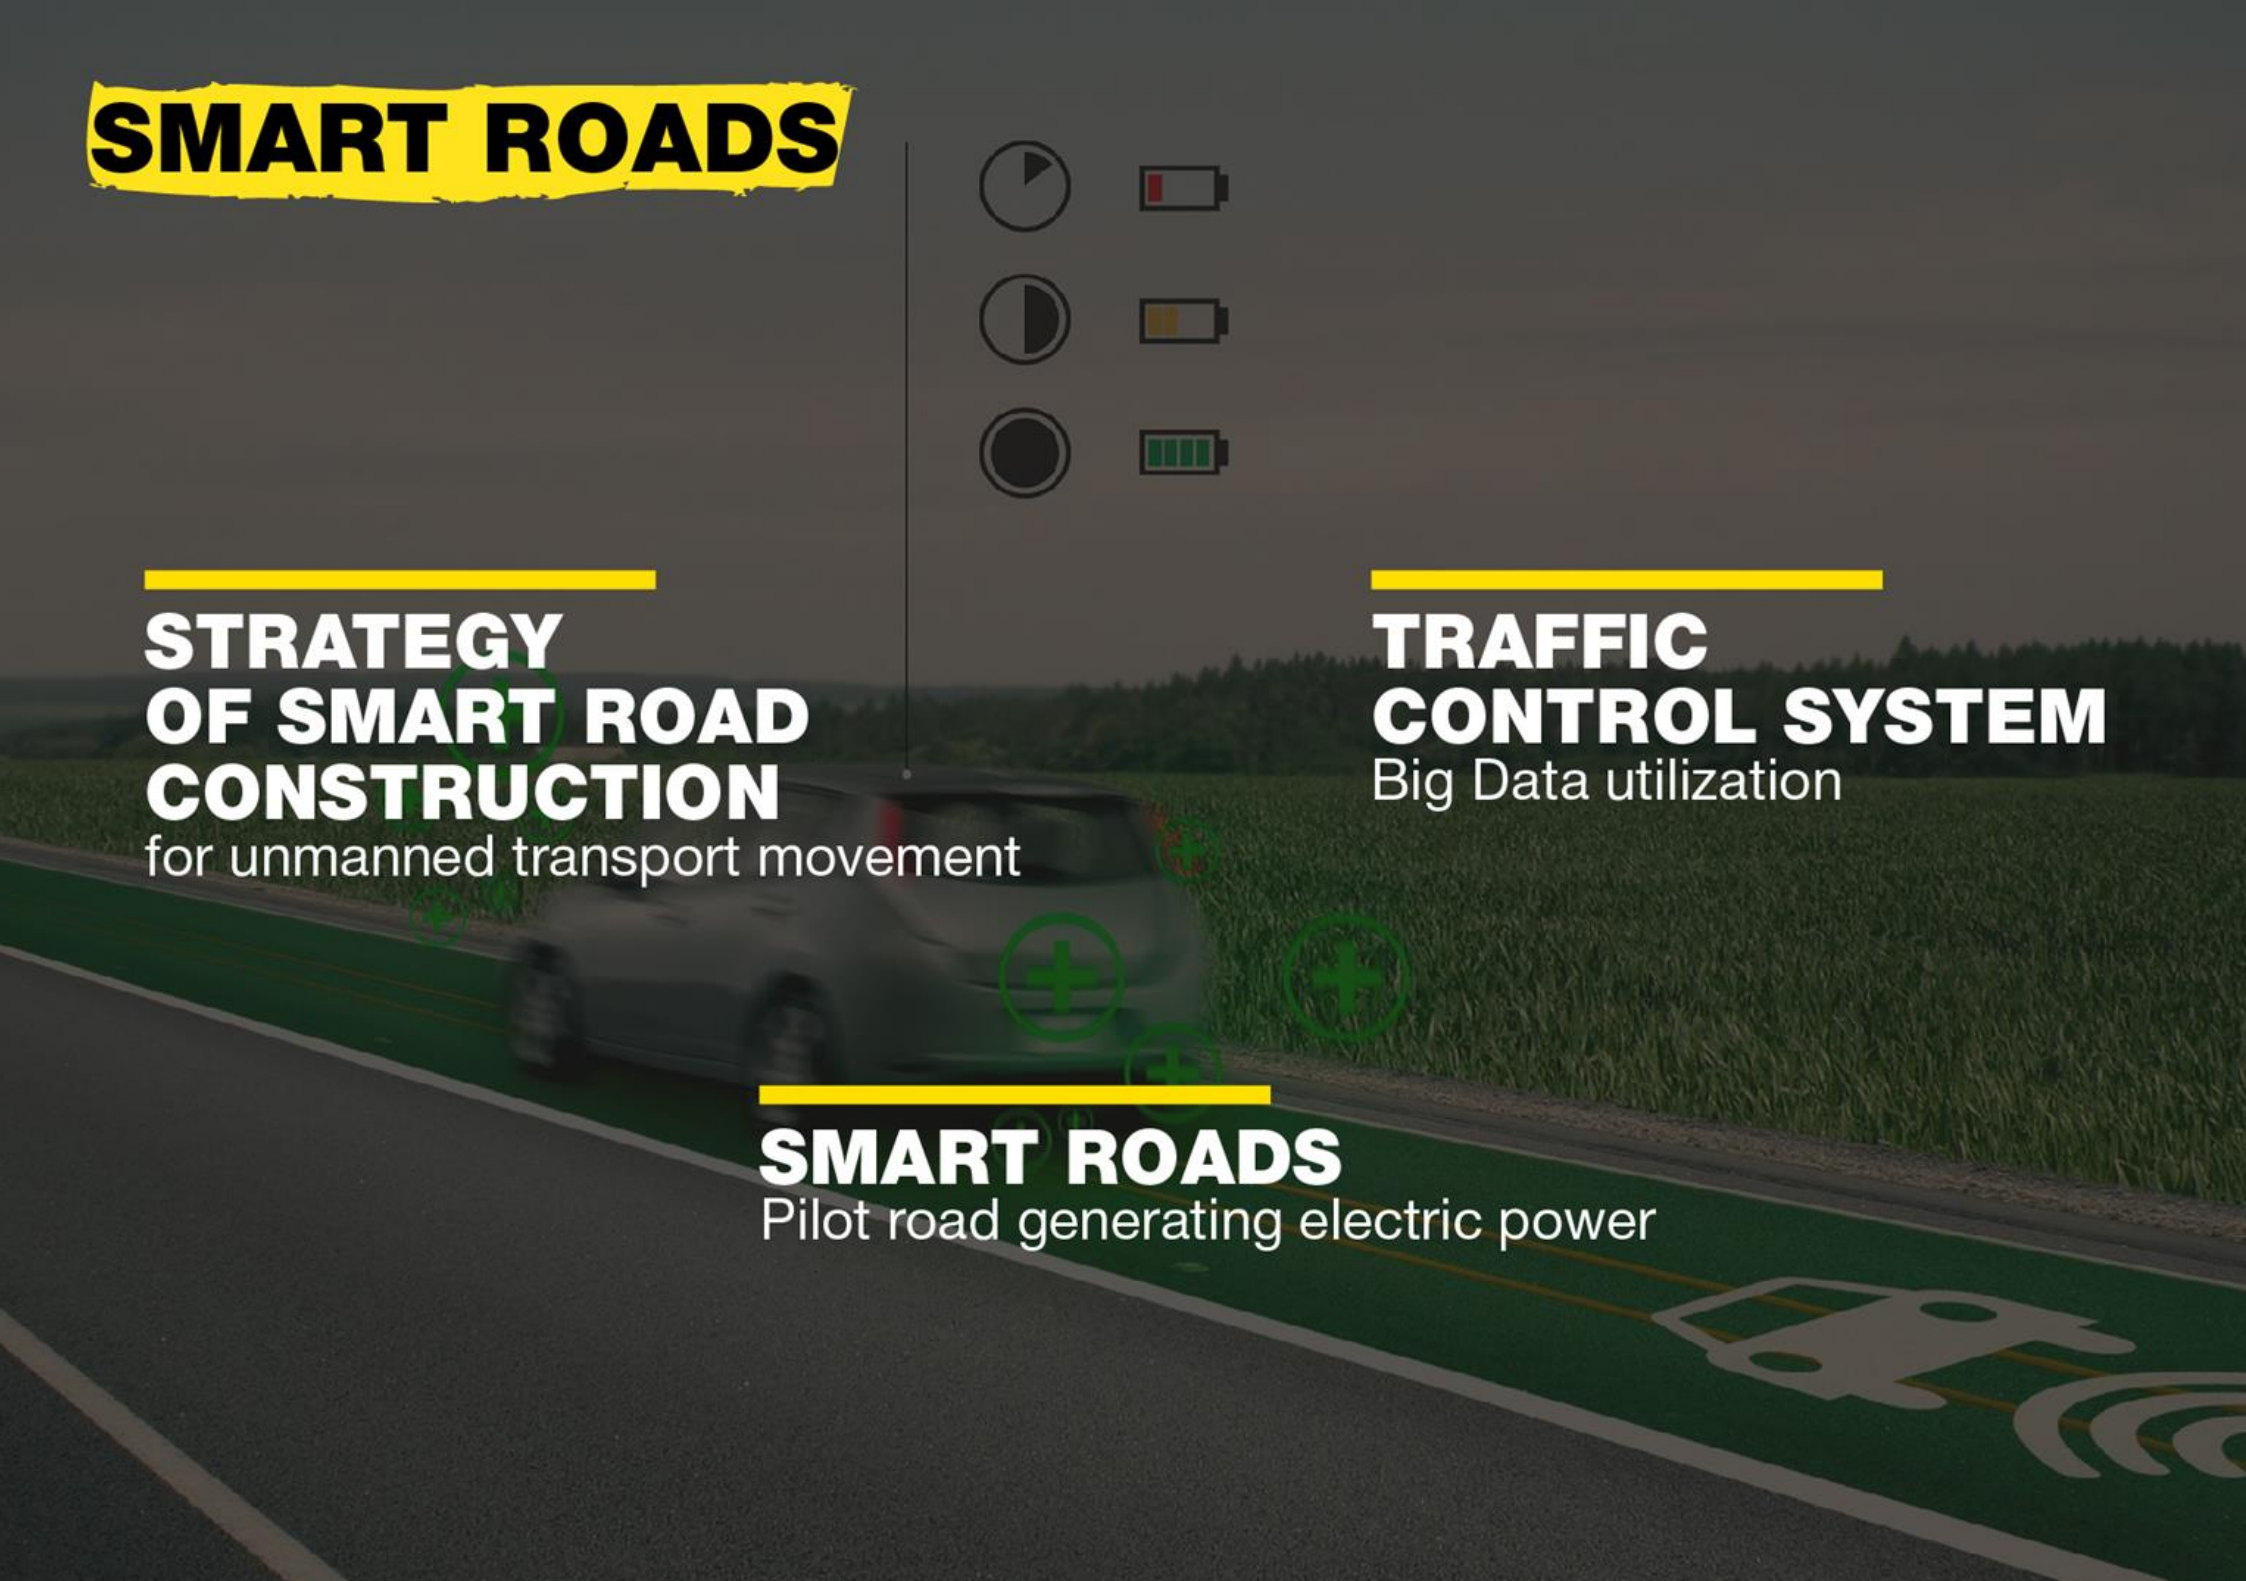

for unmanned transport movement

TRAFFIC CONTROL SYSTEM

Big Data utilization

SMART ROADS

Pilot road generating electric power

SINGLE TICKET

1 ticket
for all transport modes
all over the Ukraine

Transportation Card
With a single transportation card
travel freely anywhere around the city
Seoul Public Transportation

ELECTRIC **TRANSPORT**

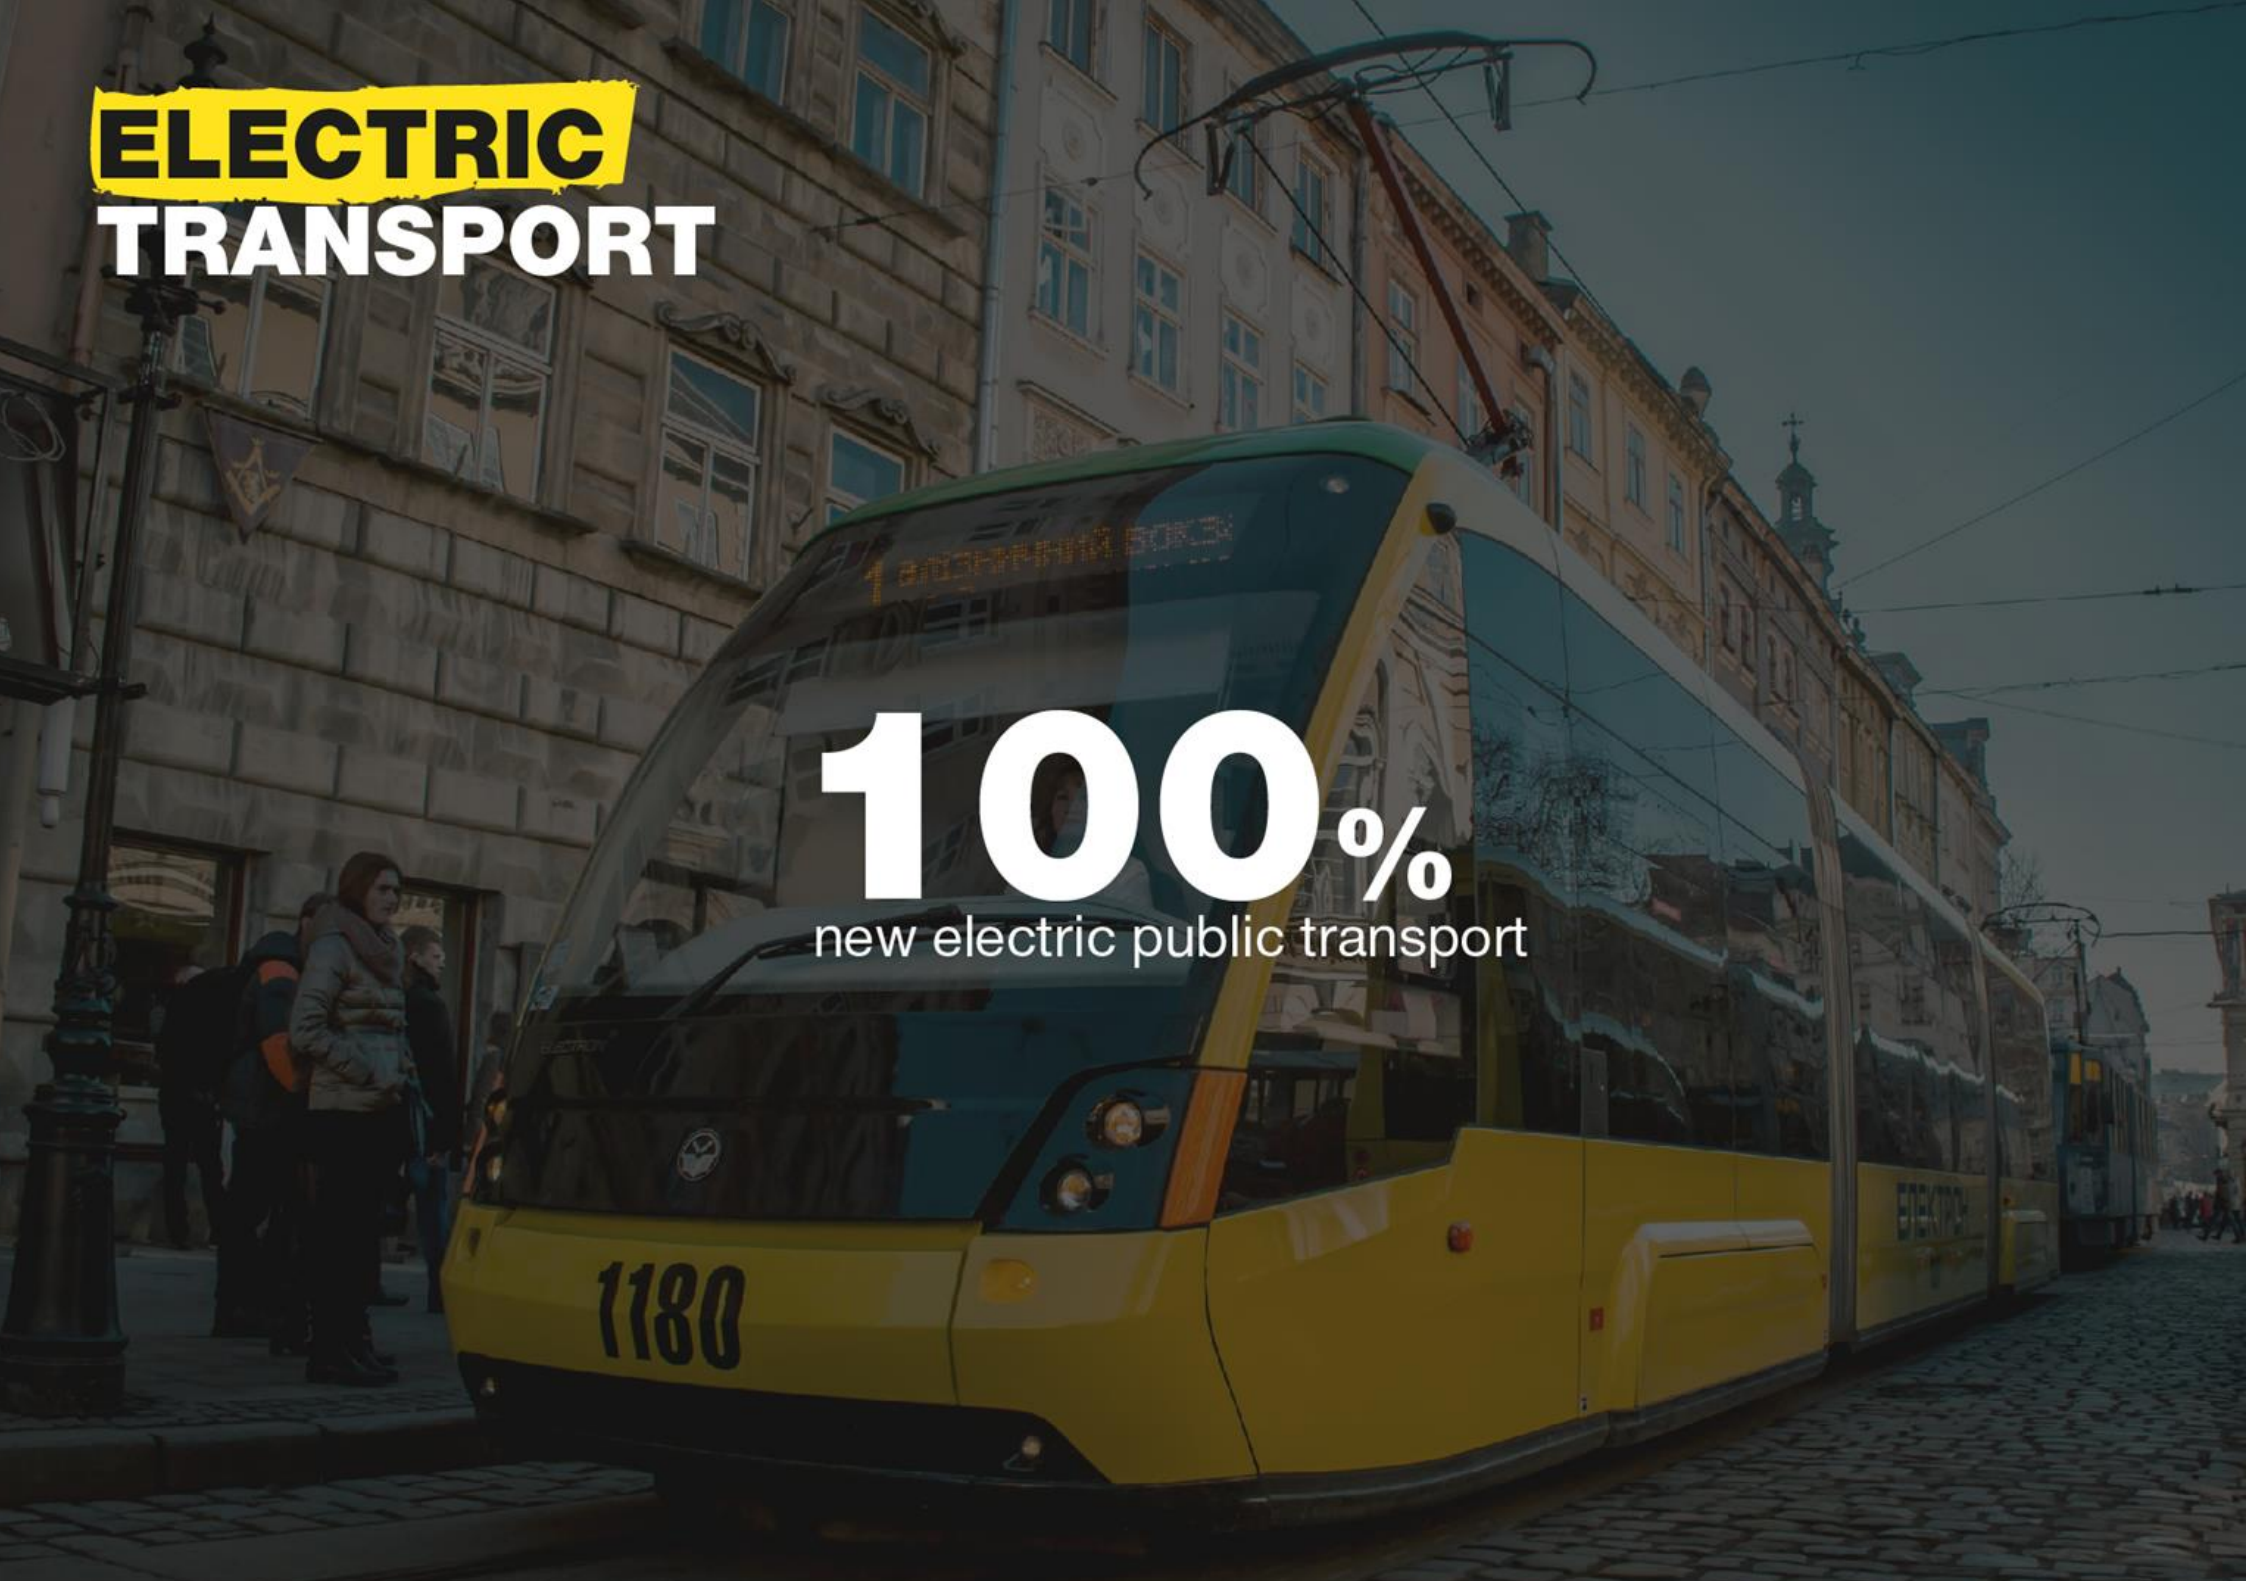

>50%

share of electric cars
of the car sales market

ELECTRIC **TRANSPORT**

100%
new electric public transport

PRODUCTION

2+ plants

for the electric cars production

Manufacturers that produce:

- **trucks**
- **buses**
- **airplanes and passenger's drones**
- **sea and river vessels**

with electric traction

INFRASTRUCTURE **UNITES**
